

Badger Meter, Inc.

With more than a century of innovation and strong, stable growth, Badger Meter offers smart solutions for a wide range of customer applications through their global network of manufacturing facilities, innovation centers, sales offices, and warehouses to optimize, use and minimize waste of one of the world's most precious resources.

FLOW SENSOR

The SDI Series flow sensor offers unparalleled performance for liquid flow measurement in closed pipe systems in an easy-to-install economical package. Impeller sensors offer a quick response to changes in flow rate and are well suited to flow control and batch type applications in addition to flow monitoring. The new four-bladed impeller design is rugged, non-fouling and does not require custom calibration.

SIZE 1-1/2...36 IN.

TEMPERATURE RANGE 14...150° F

FLOW RANGE 1...20 FT/SEC

PRESSURE RANGE UP TO 1000 PSI

SDI SERIES FLOW SENSOR
