

# burkert

## Fluid Control Systems

Burkert is a world leader in measurement, control and regulation technology. Over 2100 employees in 34 countries constantly engineer systems and solutions in response to the dynamic and exciting challenges presented by water, steam, gases and other media. Products include innovative valves, electric and air operated, on/off and proportional, process sensors, mass flow controllers, and custom systems.

### Process and Control Valves

- Solenoid Valves, Process Valves & Control Heads, Pneumatic Actuation, Sensors/Transmitters/Controllers, Mass Flow, Accessories
- Fit and forget - that is what the extensive Burkert valve program stands for, with its pneumatic and electromotive actuators as well as advanced control technology.
