

# KROHNE

The KROHNE Group is a global manufacturer and provider of process instrumentation, measurement solutions and services in many industries. Founded in 1921 and headquartered in Duisburg, Germany, they offer local contacts for instrumentation projects of any size in over 100 countries. KROHNE stands for innovation and highest product quality and is one of the market leaders in process industry. KROHNE is an independent family-owned business, fully owned by the Rademacher-Dubbick family.

OPTISENS TSS 7000

## Hygienic suspended solid sensor

- Hygienic style with no optical windows
- Alternating light four beam technology
- Multiple path length for various concentration ranges
- For use with MAC 300 analytical transmitter
- Process connection: Tri-Clamp 2", 3"; VARIVENT® N
- 0...1.5, 20 or 40% milk fat; Max. +85°C / +185°F; 10 bar / 145 psi
- PP or PVDF sensor using 4-beam alternating light principle, no optical windows, glass free
