

## **RACO**

For over 50 years, RACO Manufacturing and Engineering Co., Inc. has provided municipalities, industry, and government with a wide variety of high-quality, reliable remote communications systems, annunciators, and RTU's for alarm autodialing, remote monitoring, reporting, data logging, and control. Applications range from only a single RTU to a full multi-station, multi-point PLC, DCS, or SCADA network. Products range from interactive, wireless data communications systems to alarm autodialing systems, providing a solution for any communication platform utilized—landline, cellular wireless and cellular control channel wireless.
